Amalfi Coast
Escapes 🍊

From the *founders*

There are places in the world that feel like home the moment you arrive. For us, that place has always been the Amalfi Coast.

Nine years ago, we met here over a shared meal that became a lifelong friendship — and eventually, the heart of Amalfi Coast Escapes. What began as two women connected by a love of this coastline has grown into a way to share the Amalfi Coast we know and love with others.

We created our solo women's only group tour for women who want to experience the coast in a way that feels effortless, beautiful and deeply personal. We know travelling on your own can feel daunting, so this week offers the best of both worlds — the connection of a small group of like-minded women, with time to explore Amalfi Coast independently along the way.

This is a journey for women who love to travel in style. You'll stay in elegant Italian accommodation, enjoy private luxury experiences, travel by private transfers and be guided by locals who know the coastline intimately. No buses, ferries or public transport — just seamless, comfortable travel and every detail thoughtfully taken care of.

From your first welcome in Naples to your final toast at sunset, we'll share the places we love, the people who make this coastline so special, and the food, culture and beauty that have captured our hearts.

So, what are you waiting for?

Come and live the sweet life — la dolce vita.

The Two Mariangelas

Guided by a *true local*

For Mariangela Cinque, the Amalfi Coast is more than a destination — it's home, heritage, and a way of life. Born and raised in Positano, her family has lived here for generations, deeply woven into the fabric of the coastline.

This isn't a tour led by someone who has visited a couple of times and claims to know the region or be an expert. Mariangela has spent her life here, working in tourism and building genuine relationships with the people who define it — from local restaurateurs and winemakers to boat captains, artisans, and families who have called the coast home for decades.

She knows the backstreets, the hidden corners, and the places you simply wouldn't find on your own. With her, you won't be navigating crowded tourist paths or second-guessing your plans, you'll experience the Amalfi Coast as it's truly lived, with access to places and people beyond the guidebooks.

With over 15 years of experience, Mariangela offers something far beyond a traditional guide. She welcomes you not as a visitor, but as a guest, creating a journey that feels personal, relaxed, and deeply connected to the culture.

Travelling with a local also brings a sense of ease and reassurance. Every detail is taken care of, so you can explore with confidence, feel supported throughout, and fully immerse yourself in the experience.

Join us in 2027 as we invite a small group of women to experience the Amalfi Coast through a local's eyes. Arrive as our guest, and leave as a lifelong friend.

I can't wait to share our home with you.

Mariangela ♥

An unforgettable week of *la dolce vita*

Our itinerary designed to showcase the very best of the Amalfi Coast — from its breathtaking coastline and celebrated food culture to its hidden corners, local traditions and slower way of life.

Each day has been thoughtfully balanced with beautiful experiences, shared meals and time to explore or unwind at your own pace.

By the time you leave, you won't just have visited the Amalfi Coast, you'll feel as though you have truly lived the Italian dream.

Is this journey *right for you?*

Our Amalfi Coast womens tour is designed for women who crave connection, authenticity, and a deeper sense of place. These aren't tours where you follow a flag down crowded streets; they're immersive experiences that unfold at a relaxed pace, led by locals who call this beautiful coastline home.

Life along the vertical coastline

The Amalfi Coast is spectacular – and wonderfully steep. Many of the villages we visit are built into the cliffs, with winding staircases, cobblestone paths, and views that make every step worthwhile. A moderate level of fitness, an ability to climb stairs and a comfortable pair of shoes are all you'll need to enjoy it fully.

An Italian culinary adventure

And since food is such an important part of Italian culture, our meals reflect the spirit of everyday local life. We share long lunches, seaside feasts, and recipes passed down through generations. While we can accommodate some dietary preferences, this journey is best suited for those who are happy to embrace Italy's culinary traditions with curiosity and enthusiasm, as such we cannot accommodate for vegans or those with severe dietary allergies.

If that sounds like your kind of adventure, we can't wait to welcome you to the Amalfi Coast.
